KDS

G-18 Auto-Lock

G-19 Twist Lock

“More Than Just a Cutter.”

In 2019, KDS introduced the L-34 and L-35 as flagship models of the new “DRAGON GRIP” Series. Since then, the lineup has expanded with the addition of the G-18 and G-19.

“MultiTip” is an original term coined by KDS specifically for this product launch. Unlike standard utility knives, the G-18 and G-19 feature a built-in multi-purpose part called the MultiTip, integrated into the end of the handle.

This MultiTip is designed for tucking carpets, prying open paint cans, scoring cardboard, and more—making it a true multi-function tool for professionals.

Equipped with the 0.6 mm-thick "G-type" Power Black Blade, the G-18 and G-19 are ideal for cutting tough materials, making them the perfect choice for true professionals.

Art. G-18 (Auto-Lock) Code:565022  
Packing: 100pcs (10 x 10)

Card +  
Slide Blister

Art. G-19 (Screw Lock) Code:565039  
Packing: 100pcs (10 x 10)

Card +  
Slide Blister

## G-Type Black Blade

MADE  
IN  
JAPAN

■ 20% Thicker and Stronger than standard L-Blades

■ Suitable for cutting thick and rugged materials

■ Manages the tough jobs that an L-cutter can't, but without the large size of an H-cutter

Spare blade

Art. GB-10B EVO Code: 524715

Packing: 200pcs (20 x 10)
