

Specification information:

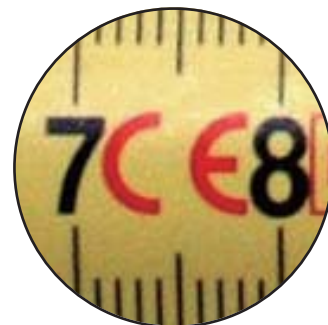

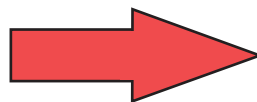

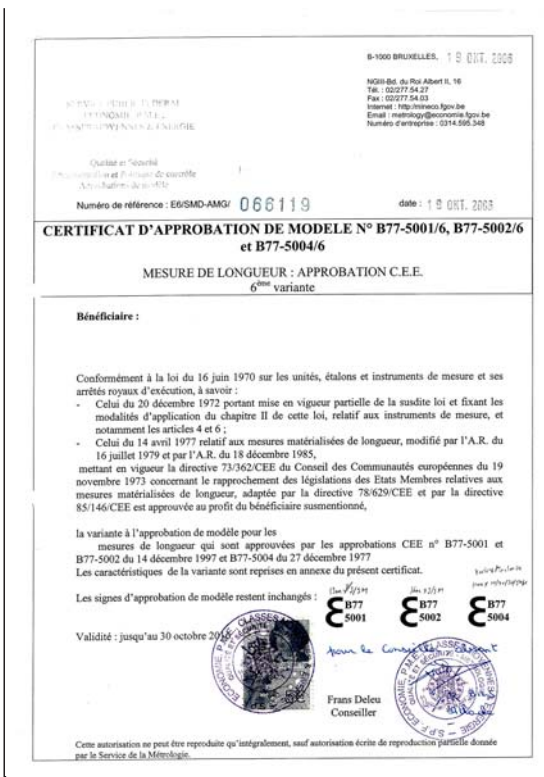

KDS pocket tapes have been produced under the calibrating standards of EEC approval in Belgium for long years.

From the beginning of 2014, KDS will start to produce pocket tapes under EC quality system.

Hence, the CE mark with MID certification numbers will be printed on the blades.

This is a new certification mark on behalf of existing EEC mark.

Printing the CE mark will be implemented on production running basis.

For further details, please contact with your counter personal at KDS.
